

Thermoset mold release agent No. 45416T

- Contains no silicones or oils

Thermoset Release is made with synthetic carnauba wax, the most effective formulation for molded thermoset plastics, rubber and similar materials. It stops parts from sticking, maximizing your productivity. It is ideal for injection, compression and transfer molding.

NOTICE TO PURCHASER: User shall determine suitability of product for his intended use and assumes all risk and liability in connection herewith.

Specs

Maximum operating temperature 600F.

No. 45416T aerosol

Net Wt. 16 oz.
