

Urethane mold release agent No. 45812H

- For rigid, semi-rigid and flexible urethane foams
- Release Oil designed especially for polyurethanes
- Non-paintable silicone formulation
- Non-marking
- No chlorinated solvents

An extremely effective mold release for all polyurethanes. Imparting a light, dry coating on the mold, it eliminates build-up, yet is so effective that it continues to work for several cycles between applications.

NOTICE TO PURCHASER: User shall determine suitability of product for his intended use and assumes all risk and liability in connection herewith.

Specs

Maximum operating temperature: 500F

No. 45812H aerosol

Net Wt. 11.5 oz. (16 fl. oz.).
