AceTronic Commitment During Uncertainty Around Coronavirus

Our focus during this unprecedented time will be on two key priorities: Caring for the health and well-being of our employees, customers and suppliers along with ensuring we are servicing you, our customers to the best of our ability. These plans include our commitment to providing uninterrupted service through our best-in-class procedures. Production is currently ongoing and our sales team and order desk personnel are available for you to process any orders.

We have decided to halt on-site visits until further notice. In the meantime, our sales team will be available via email and telephone. Should you require a sales rep, please reach out to our office at (905) 564-7227.

We recognize that the COVID-19 situation is rapidly evolving and we will provide any updates through our avenues of communication as they become available. AceTronic continues to be committed to continuing service while ensuring a safe, healthy and productive environment for all.

**Protect Your Employees, Guests, and
Other Visitors with Ultralyte**

Clinically Proven Sanitization at a Microscopic Level...
Killing Bacteria in Milliseconds

ULTRALYTE

**POWERFUL - ECO FRIENDLY
DISINFECTANT DESTROYS:**

*Anthrax, C. Difficile, Coliform, Swine Influenza Virus (H1N1), Tuberculosis,
Hepatitis, Herpes, HIV, Legionnaires Disease, MRSA, Norovir*

- Kills all bacteria, spores, viruses, etc.
- Safe to handle, apply and ingest
- Can be sprayed, mopped, and fogged without harmful reactions
- No special training required

Ultralyte is a clinically proven, proprietary, all natural spray-on sanitizer and disinfectant. The anolyte technology is no-rinse, non-bleaching, and DIN certified. Presently, sanitizers are limited in either efficacy, application or safety by allowing bacteria resistance, producing toxic residue, or human contact risks.
