

BIODEGRADABLE

INTRODUCING...

# ACE COMPLETE

## THE Natural Descaler

Descal Heat Exchangers, Chillers, Condensers, Pumps, Cooling Towers, Boilers, Tubes, Pipes or any Equipment that comes into contact with water!

- NON-TOXIC
- NON-HAZARDOUS
- BIODEGRADABLE

### SAFE FOR PERSONNEL, EQUIPMENT & THE ENVIRONMENT

Fortified with wetting and penetrating agents to dissolve deposits into solution, **ACE COMPLETE** is a fast-acting industrial descaler and is cost-effective. The descaling solution can be safely handled by personnel and circulated through equipment or system without arduous and costly dismantling. Coupled with the solution's biodegradability for easy and safe disposal in normal plant sewers, most cleaning applications can be completed within a few hours.

## MOLD RELEASE & CLEANERS

PRODUCT NAME	USEAGE / DESCRIPTION	PRODUCT SKU
LMR	Light Duty Mold Release	43512N
QUICK LECITHIN	Heavy Duty Mold Release	44812E
UNIVERSAL	Heavy Duty Mold Release	42612H
E/S	Water Based Mold Release	44512
HEAVY DUTY	Heavy-Duty Mold Release and Pin Lube	54912
KNOCK OUT	Speciality Mold Release	46612N
PURE EZE	Speciality Mold Release	45712N
NEXGEN	Mold Cleaner	46410
CITRA CLING	Mold / Metal Cleaner	46515
IPA	Isopropyl Cleaner	47212
GR1000	Super Heavy Duty Bio-degradable Solvent	GR1000

## REPAIR... RE-USE... RECYCLE...

Don't contribute to the pile of electronic waste, whenever possible Reduce Re-Use Recycle...

### CABLES

Give new life to old cables,  
by replacing hoods or inserts

### THERMOLATERS

Ensure these are running at their optimum output;  
Let AceTronic look at the **maintenance and repair**  
of your water temperature control systems (TCU's)

### CONTROLLERS

Rather than disposing of your temperature controllers look into  
our cost effective **repair and calibration services**

Types and Models of Temperature Controllers –  
OMRON, RKC, FUJI, FuzyPro & More
